

Reject CBA petition 02-278, WE ARE ALREADY BOMBARDED WITH THE BANKS GARBAGE IN OUR MAIL BOXES IF WE HAVE A DECENT CREDIT RATING!

For persons with a disability it is often inconvenient, not to mention painful to get to a ringing phone to find some telemarketer on the line instead of the return call from your doctor that you are awaiting because you live with a permanent life threatening condition. Allow the state to enforce thier own laws, without greasing the pockets of lobbyists and politicians.

Thank You
